

Welcome to Aceitunas Chicón Lebrón S.L.

From the beginning of our Company Aceitunas Chicón Lebrón S.L. initiated by Mr. Fernando Chicón Lebrón, we expect the reliable farmer for our raw material in origin. Due to the professionalism of our methodic work, taking care of the minimum detail, we rely on the knowledge of master recipes and secret dressings.

We are located in the Heart of Andalusia, in a beautiful and unique emplacement, the foothill of *Peña de Los Enamorados*, in Antequera, Málaga. In our factory of 15,000m² in *Casería La Soledad*, we dress, pack and distribute olives 30 years ago as a family company, being reference in our professional sector.

Our annual production comes to 6 thousand of kgs and we provide a wide variety of 100 references of the following olives: Manzanilla, Gordal, Verdial, Ocal and Hojiblanca. In addition, we elaborate six different types of pickles.

The traditional collection ensure the tradition, knowledge and hard-working process, providing the texture and appearance of our gourmet product.

The conservation of the product under control of humidity and temperature allow for moderating the cure process of the product. The absolute healthiness guarantee is due to the packing and dispatched under strict monitoring.

We work with care the olive to reach the ideal/optimal maturity, requiring the traditional collection from our suppliers to obtain a final product of high quality.

Our star product is *Aceitunas Partidas de la Abuela*, that has implied an important acceptance and special recognition in the olive market and it has contributed to our takeoff as reference leader in our sector. In addition, we have created the first pasteurized and dressed olive, production method that guarantee 5 years entire lifetime of the product.

The human quality, our committed work with the growth, development and improvement, as well as the kind and personalized contact to our customers and collaborators are our identity mark.
