APERITIVOS DE AÑAVIEJA, S.A

Is a spanish company which manufactures high quality snacks.

Aperitivos de Añavieja, a family company located in the town of Añavieja (Soria), is a manufacturer of healthy snacks. Apart from manufacturing, in our fields we also grow the raw materials we use —potatoes and corn. We control de process from the start to the end, thus being able to offer a maximum quality product. This allows us to select the best raw materials to manufacture our products following the traditional methods of collection and processing.

We are IFS certified —International Food Safety Standard—, which guarantees the highest quality and safety throughout the entire production process.

We advocate organic farming as the basis of our development, and carry it out following the European regulations and regulated by the Organic Farming Council of Castilla y Leon.
