## ¿Conoces la Do you know stevia?

Stevia es un edulcorante extraído de la Stevia Rebaudiana, una planta originaria de sudamérica conocida por sus propiedades endulzantes. La Stevia es un potente edulcorante con un bajo contenido en carbohidratos y tiene un efecto menor en la glucosa en sangre que otros, por lo que es muy adecuada para aquellas personas que siguen dietas bajas en carbohidratos. Chocolates Torras ha sido de las primeras empresas europeas en utilizarla para endulzar el chocolate de una manera más sana y eficaz, reduciendo el contenido calórico de nuestros productos pero conservando su excelente sabor.

Stevia is a sweetener extracted from Stevia Rebaudiana, a plant native to South America known for its sweetening properties. Stevia is a powerful sweetener with a low carbohydrate content and have less effect in blood glucose than others, which makes it very convenient for those people following low-carbohydrate diets. Chocolates Torras has been one of the first European companies to use it to sweeten the chocolate in a healthy and effective way, reducing its caloric content while retaining its excellent taste.
